FREQUENTLY ASKED QUESTIONS

HOW MANY TEETH ARE RECOMMENDED?

2,4,8, or 10 upper veneers.
If interested in lower, it will more than double the number of veneers needed.

WHAT IS INCLUDED IN THE COST?

All pictures, scans, x-rays, temporaries, anesthetic, gum lifts, and a night guard are included. No hidden costs!

WHAT FINANCING OPTIONS DO YOU OFFER?

We offer Cherry. You can be pre-approved prior to your appointment. It is a soft credit check with approval of all patients above a 620 credit score for 12 months of interest free payments.

DO YOU HAVE TO DRILL ON MY TEETH?

We promise to provide the most conservative treatment when you choose allure veneers. Occasionally, that means no drilling. Other times, it means smile shaping only.

WHAT IS SMILE SHAPING?

Smile shaping is the action of removing or drilling a very small amount of your enamel to create more space for your veneers. Most people actually like their teeth more after smile shaping than they did before. No temps needed!

HOW LONG DOES THE PROCESS TAKE?

A month and a half at least.

HOW LONG DO VENEERS LAST?

It all depends on how well they are cared for. We hope to see 10-15 years for patients who wear their night guard, avoid damaging habits like biting nails, and keep up with their cleanings.
